## ABOUT US

As a company, we have over 20 years of experience, designing and providing florals for 1000's of weddings. As a team we have over 100 years of floristry experience between us. We are Good Florist Guide accredited and British Florist Association members. In 2024 we were voted one of the top 100 florists in the country; a fantastic accolade.

Our sole goal is to ensure, at every step, that we are invested in your wedding florals to make sure they are the best they can be.

To ensure that our commitment to you is unwavering, we will not accept any other wedding on the same day. We have a strict one wedding policy.

# OUR BESPOKE SERVICE

---

We understand that your wedding day is one of the most important days of your life, and we're here to make it as beautiful and memorable as possible. With years of experience and a passion for floral design, we offer a complete wedding flower service that is tailored to you, ensuring your flowers reflect your style, vision, and personality.

From the moment you get in touch with us, you'll feel the difference. We take the time to listen to you, to understand your dreams and desires for your big day. Every wedding is unique, and so are the flowers that should accompany it. Whether you're dreaming of a romantic, rustic, bohemian, or luxurious theme, we'll craft the perfect florals that will bring your vision to life.

We source the finest flowers from the best growers, both locally and internationally, to ensure the highest quality blooms. From soft, elegant roses to bold, tropical blooms, we hand-pick each flower with care to create stunning arrangements that will stand out.

The process starts with a conversation where we'll discuss your preferences, the venue, and your wedding theme. From there, we design bespoke floral arrangements that complement your style, from bouquets to buttonholes, floral arches to centerpieces.

When the day arrives, our team takes care of everything. From creating and arranging your flowers to installing them at your venue, we handle every detail. We work alongside other suppliers to ensure your flowers complement your venue décor, photography style, and more, creating a seamless flow on the day. You can relax knowing we're there to ensure your flowers are displayed to perfection.

At Karen Woolven Flowers, we're passionate about making your wedding day truly unforgettable. Every design is made with love and dedication because we believe that flowers are not just decorations—they're memories in the making.

Let us create a floral experience that will leave you and your guests in awe!
